

MICHIGAN

Nursing Action Coalition

Education Action Team

The Action Coalition is made up of nursing organizations and nursing advocates who want to participate in developing health care solutions that contribute to a culture of health in Michigan.

Team Focus

Increase the amount of BSNs in Michigan

Increase the amount of RNs with doctorates (PhD, DNP) in Michigan

Educate nurses about public and population health

Team Charge

Complete an environmental scan in MI:

- Catalog existing initiatives that address the priorities
- Review current best/promising practices
- Minimize duplication

Prioritize IOM recommendations & MI Public health issues:

- Review existing data and current information
- Consider feasibility and potential for impact
- Identify necessary resources to achieve success

Create an Action Plan for MI:

- Long and short term goals
- Estimated timeline
- Identify responsible parties

Identify, propose, and recruit non-nurse partners in MI

How to Get Involved

Visit our website at miactioncoalition.org. Fill out the volunteer form at the bottom of the page in order to get involved with the Education Action Team.
