

## 4.4 Organizational Mission and Vision Engagement Activity

### Instructions

1. Write your organization's mission on a sheet of paper (see Mission and Vision Worksheet in this section).

Brainstorm with your mentee on what this means in his or her work environment. Identify at least five or six ideas of how the mission involves him or her.

2. Write your organization's vision statement on the sheet of paper (see Mission and Vision Worksheet in this section).

Discuss examples of how you both have seen the vision exercised. Brainstorm additional ways that this could be followed.

3. Ask your mentee if he or she thinks the mission or vision statement should be memorized. If your mentee says yes, help them to do this.

(Rev 11-10)
